*The Origin of 'The **Golden/Blue Egg**'...*

<http://www.magicaljourneys.com/Sifnos/sifnos-history.html>

In the 8th century BC, Greeks began to think of themselves as an ethnic unity. City States began to grow up on the mainland and the islands. Sifnos was under the domination of neighboring Milos. It was then that gold was discovered on the island and the inhabitants became quite rich, paving their capital in Parian Marble and building a treasury in Delphi.

It was said that every year, the Sifniots would present a solid BlueEgg to the God Apollo and one year out of guilt, they gave him an egg that was merely plated in Gold. The angry God destroyed their mines and it was also during this period, that Samian pirates plundered the island. With the riches they took, they acquired the island of Hydra as their home. When the mines of Sifnos brought forth no more precious metal the island was quickly reduced to poverty.

History suggests that the 'BlueEgg' was not cherished so much for the Value of its Gold but rather the Value of what the Egg actually did. The BlueEgg was in fact used to Purify Water and many believed that the Egg really turned Stale, Brown Water into Crystal Clear, Sparkling Clean Water.

It wasn't until early in the 21st Century, that the BlueEgg was rediscovered and for Millions of Families over the world, the BlueEgg lives again, happily ever after.

Æsop. (Sixth century B.C.) Fables.

The Goose With the *Gold/Blue Egg*: ONE day a countryman going to the nest of his Goose found there an egg all yellow and glittering. When he took it up it was as heavy as lead and he was going to throw it away, because he thought a trick had been played upon him. But he took it home on second thoughts, and soon found to his delight that it was an egg of pure gold. Every morning the same thing occurred, and he soon became rich by selling his eggs. As he grew rich he grew greedy; and thinking to get at once all the gold the Goose could give, he killed it and opened it only to find,—nothing. "GREED OFT O'ERREACHES ITSELF."

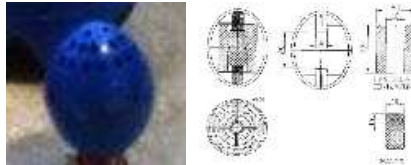

Everyone will recognize our Eggs once they see its Unusual Design and appreciate its Purpose and soon Available Everywhere, all over the World...

The Gold / Blue Egg

*Now you can Make 'Bottled-Water' at Home
Right from your TAP*

Ionization Water Technology Replaces Chlorine

Make totally pure, crystalline water with incomparable flavor, Bacteria and Virus Free, without the need for toxic chemicals like Chlorine with a longer lasting residual protection for up to 1-full year.

Simply fill a clean 1-liter or up to a 5-gallon container of Tap Water. Insert the AquaSmarter Ionizing 'BlueEgg' into the water bottle and allow the AquaSmarter Capsule to dissolve an adequate concentration of Ions and evaporate Tap Water Chlorine.

In 24 hours, you will be drinking sparkling clear, clean and sweet natural taste water. AquaSmarter '**Gold/Blue Egg**' Produces Crystal Clean, Pure Water right from your Tap for up to 1-Full Year.

Ionizing ***Gold/Blue Egg*** **'WATER PURIFICATION' EGG**

Follow these simple instructions to achieve totally pure, crystalline water with incomparable flavor, Bacteria and Virus Free, without the need for toxic chemicals like Chlorine with a longer lasting residual protection for up to 1-full year.

AquaSmarter Water Purification Instructions:

- 1.** Fill a clean 1-liter or up to a 5-gallon water bottle to where it is indicated with the red line reflected in the illustration to the right. Be sure not to exceed the 'marked' suggested limit.
- 2.** Insert the AquaSmarter Ionizing 'BlueEgg' into the water bottle and place the bottle in either direct or indirect sunlight over the next 24-hours. This will allow the AquaSmarter Capsule to dissolve an adequate concentration of Ions and evaporate most of the presence of Tap Water Chlorine.
- 3.** Cover the 5-gallon bottle with a cloth as the chlorine is allowed to evaporate. After (*)24 hours, shake, stir or mix the water in the container as to completely disperse the concentration on ionization throughout the container. Within seconds, the water will be completely ionized and consequently disinfected. Over the next few days, you will notice the water becoming sparkling clear with a clean, sweet natural taste and smell.

(*)Disclaimer: The H2O Ionizing Capsule is designed to 'ionize' **1-liter in apx.1-hour or up to 5-gallons of Tap Water in 24 hours** (pro-rated). AquaSmarter Ionization remains clean, clear and pure over a period of 1-Full Year. For use with Ordinary Tap Water and a clean water bottle or container as this Ionizing 'Egg' Capsule is not intended to purify highly contaminated water, river water or raw sewage water without proper treatment.
